

VALUE PROPOSITION

- SCRUBS in-a-Bucket® skin conditioner left hands feeling clean without leaving slippery residue or drying skin
- SCRUBS® Rough Touch® Towels were more absorbent, offered an added textured surface for scrubbing, and did not transfer soils on to other surfaces
- SCRUBS in-a-Bucket® is approved for use by General Motors, Ford, and Boeing, helping EHS and Purchasing make the decision to switch

PRODUCT

SCRUBS in-a-Bucket®
Hand Cleaner Towels

BOTTOM LINE

**Machinery Manufacturing
Product Improvement**
Industrial MRO: Machine Shop

APPLICATION

- Cleaning hands and tools away from water sources, in both Maintenance and Lab Departments

ISSUE

- Competitive towel caused hand tool slippage due to "soapy" residue, and multiple towels were needed to absorb messes

SOLUTION

- SCRUBS in-a-Bucket Hand Cleaner Towels

RESULT

- SCRUBS® Hand Cleaner Towels left no slippery residue and required no drying after use; one towel could absorb as much as two of the competitor's towels
